School description

Sage College was founded in 2006 in beautiful Jerez de la Frontera, Cádiz by two Norwegian partners who were eager to give the city a British International School. In fact, students follow the British Curriculum, and they graduate with the International General Certificate of Secondary Education (IGCSE).

Built by a lake (Laguna de Torrox) and next to a golf course, the location makes it ideal to practise outdoor activities during Physical Education. A beautiful beach is just 20 minutes away by car or 10-15 minutes by train!

With a vibrant international community made up of local and international students, English is the main language. In this way, students can improve their English while also learning Spanish in one of the sunniest locations in Spain!

The school offers exclusively the boarding option for our international students. The Boarding school which is integrated in the same building. As a true British school, they even adopted the popular house system. That means, that students are placed in one of four houses, Earth, Fire, Water, and Air and throughout the year they will have the opportunity to gain house points via academic excellence and sporting competitions. This system generates a lot of team building skills among the students and most of all, a lot of fun!

School equipment

Every corner of the school is considered a "Learning Space". Students move from one classroom to another, and the teachers have their own classrooms, like the Canadian or New Zealand school system.

The building was specifically designed to take advantage of all the natural light that comes through huge windows and a central patio. With bright fully equipped classrooms, bright dining hall, science labs, music and drama room, art room, sports courts and even an outdoor swimming pool that uses a centenary olive tree for shade, students enjoy every corner of the school.

The boarding school offers en-suite bedrooms, a common room to chill out, study room, cafeteria, gym, terrace, and recreational areas.

In just one hour by train, students can reach the vibrant city of Cádiz. The nearest beach is just 20 minutes by car!

Extracurricular activities*

The school is offering a lot of attractive activities. Horse-back riding, flamenco, golf and swimming are some of the popular activities.

Please note that the school cannot always guarantee that all extracurricular activities will take place. This will depend on individual schedules and the number of participants.

Students staying in the boarding school will benefit from activities organised throughout the year such as:
Golf, football, tennis, horse riding, sailing, windsurfing, paddle boarding, kayaking, trekking, swimming, basketball.

How many reports are sent to parents?

Class teachers always inform parents about the academic performance of students. They use an online platform which parents can access. In addition to this, we send a report that students, host families and the local coordinator must fill in every term to see how the student is adapting to his/her new environment.

The school is characterised by its pleasant family atmosphere.

There are only 10 students in some courses, allowing for highly individualized attention.

Kristin with the director of the school, Alexander Wickham, the director of the boarding school, Richard Lennox, and Evelyn Domínguez, the director of Admissions.
